

Biodiversity Strategic Plan at Committee

Hello biodiversity strategic plan stakeholders,

We're excited that the biodiversity strategic plan is going to the Standing Policy Committee on Community and Protective Services (CPS) on March 4. Thank-you again for being actively involved in shaping the plan.

This is the penultimate step in finalizing the plan. The last step is Council and the public hearing.

We invite you to speak to CPS regarding your involvement and views on the plan: *Our BiodiverCity, Calgary's 10-year biodiversity strategic plan*.

The agenda is released one week prior to the meeting date. I've included a link below which is an overview of Council and Committee meeting procedures.

Thank-you again for your involvement in developing *Our BiodiverCity*. We look forward to further work with you as we advance in implementing the strategic plan!

Best,

Steven. **Steven Snell**, MRes*, MCIP**, RPP** Business & Policy Planner
